About the Foundation: We are a 501(c)(3) non-profit foundation and all monies support enrichment and excellence in the Old Saybrook Public Schools. We promote student development through enrichment programs, activities, and recognition of student accomplishments. We aim to encourage creativity among employees by supporting unique growth opportunities and providing resources for creative teaching ideas. The foundation also provides ways for individuals and organizations to share resources with the schools to enhance learning and facilitate cooperative ventures among the school district.
